1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

**3 SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Help Grandfamilies  
5 Prevent Child Abuse Act”.

**6 SEC. 2. FINDINGS.**

7       Congress finds as follows:

8           (1) Nearly 2,700,000 children are being raised  
9       in kinship families or “grandfamilies” by relatives or

1 close family friends without their parents in the  
2 home, and the vast majority of such children are  
3 raised outside of the foster care system.

4 (2) The majority of kinship caregivers are  
5 grandparents.

6 (3) For every child in foster care living with rel-  
7 atives, there are 19 being raised by relatives outside  
8 of the foster care system.

9 (4) More than one-third of all children placed  
10 in foster care because of parental drug or alcohol  
11 use are placed with relatives.

12 (5) Children who have been exposed to sub-  
13 stance misuse in the home may also experience  
14 abuse and neglect, and research indicates that chil-  
15 dren in family foster care because of substance use  
16 are more likely to be placed with relatives than with  
17 nonrelatives.
